- 2:1 - BA English Literature.

ACHIEVEMENTS

- Listed in Fandor's 'Best Video Essays of 2016'
- Published in Metro.co.uk, Flickering Myth, Cambridge News.
- Aiding UK promotion of several feature films and events through co-founding an online film publication (London Film Festival, Sundance UK, Free Fire, Sicario, Anomalisa, Brooklyn).

PERSONAL INTERESTS

In my spare time I enjoy writing screenplays and film/game reviews. Since March 2020 I have also taken up app/web development. I built the desktop application Sinon and Adobe Extension Dopple to aid in my video workflow. I also created and maintain a site providing online interactive tools and games for small streamers.
